

NLGPO10DX

NHP NLINE General Purpose Switch Socket Outlet, IP53, Twin with Extra Switch, 10A 250V AC

Component type	Combination switch/wall socket outlet
Range	NLINE Weatherprotected GPO
Model	N/A
Product status	Existing

NHP's NLINE weather protected general purpose outlets are available in 10A and 15A ratings in single and double outlet versions. The switch knobs are slip resistant and feature a raised centre for easy operation. A special gasket, together with stainless steel cover screws increases ingress protection. The body is made of UV-resistant polycarbonate to offer extended life in outdoor applications. All switches are tested and approved to AS/NZS3133, have an M-rating and come with a certificate of approval.

ELECTRICAL

Number of active pins (flat)	3
Number of active pins (round)	0
Rated current	10.0 A
Nominal voltage	250.0 V
M rating	M40
Type of switch	Off switch

CONSTRUCTION

Number of socket outlets	2
Method of operation	Switch
Type of fastening	Mounting with screw
Material	Plastic
Material quality	Thermoplastic
Colour	Grey
RAL-number (similar)	7035.0
Suitable for degree of protection (IP)	IP53
Type of socket outlet	Australian standard AS/NZS 3112
Mounting method	Surface mounted (plaster)
Transparent	No

DIMENSIONS

Width of device	115.0 mm
Height of device	85.0 mm
Depth of device	87.0 mm
Conductor cross section solid (solid, stranded)	2.5 - 10 mm ²
